TUNGKILLO PROGRESS CLUB INC.—Ideas for works in Tungkillo area.

The committee has been asked to list 3 projects that need to be done in the Tungkillo community.

So the community is being asked that if there is something they would like to see done by the Council can you let the committee know with your ideas. Please keep in mind this is put onto the Mid Murray Councils budget for future projects. It is being asked by all the communities in the Council area.

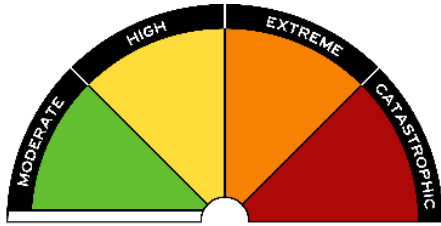

If you can forward before the 25th January, 2022 so we can discuss at our first meeting for the New Year in February, 2023.

Email tungkillogazette@gmail.com

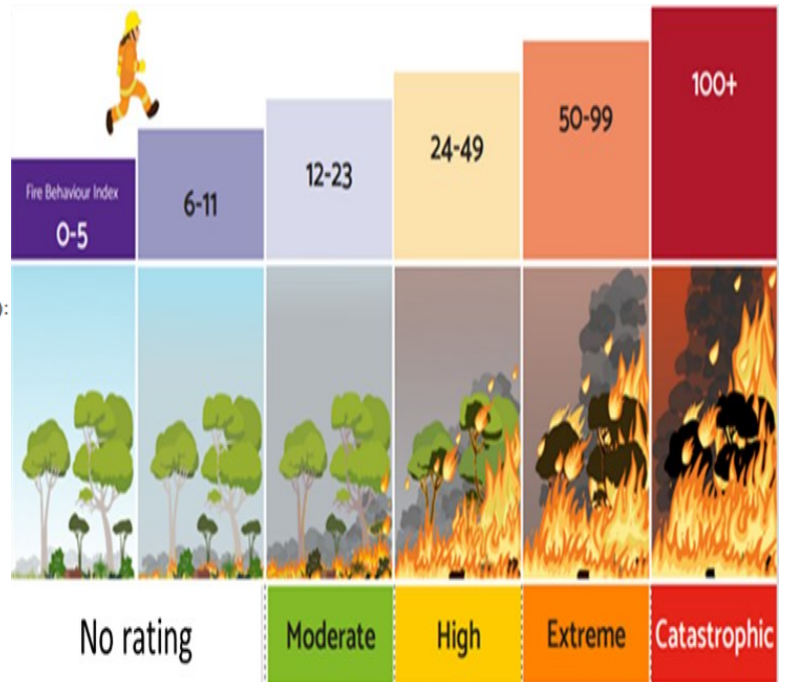

Also the Tungkillo Progress Club Inc. would like to thank Mid Murray Council for the government Grant for upgrading our security system and also acquiring internet for the cameras.

Bushfire Protection in MID MURRAY COUNCIL AREA

The upcoming bushfire season is expected to commence on 15th November 2022. To be confirmed as the Fire Danger Season approaches.

It is noted that due to the excess rain there are already high fuel loads within the region, so it is suggested that residents/ratepayers start preparing their properties to ensure the best outcome for the season.

In the garden and around the home:

- Cut down grass and clear away any fallen branches, leaves and dead undergrowth within 20 metres of the home.
- Prune lower branches less than 1 metres above the ground to provide a vertical fuel break to help prevent ground fires from spreading into trees.
- Remove any mulch to at least 1 metre from any dwelling wall and move woodpiles away from the dwellings.
- Ensure all gutters are kept clear of leaves and twigs.

Rural Living - On rural properties, prepare and maintain fuel breaks around fence lines, buildings, equipment sheds, haystacks, hay sheds and fuel supplies.

Fuel reduction on vacant allotments greater than 0.03 hectares in size. It is considered that a mowed or slashed firebreak be constructed around the perimeter of the block of land to the minimum width of 4m. The flammable growth on the firebreak is to be maintained to a maximum height of 10cms for the duration of the fire danger season. However, this is only a guideline.

Residential Areas

Council is involved in a township clearance program which starts around October each year, this involves inspection of township and some rural allotments, under the South Australian Fire and Emergency Services Act 2005 section 105F.

Council can issue a Section 105F notice if:

'The Council believes that the conditions on private land in a fire district area such as to cause an unreasonable risk of the outbreak of fire on the land, or spread of fire through the land, due to the presence of flammable undergrowth or other flammable or combustible materials or substances'.

It is the Landowners responsibility to comply with the Act. Failure to comply with a notice can now incur an expiation notice of \$315, plus the recovery cost of council carrying out the work required by that notice.

It is recommended that property owners keep the height of grass on their property to a maximum height of 10 centimetres for the entire fire danger season.

Fire Bans

The 2022/2023 Fire Ban Season for the Murraylands and Riverland Districts starts 15th November to 15th April.

On days of extreme weather conditions Fire Bans may be declared for the Mid Murray Council district and other areas in the State. To determine whether a fire ban has been imposed, phone the CFS Hotline on 1800 362 361.

TUNGKILLO GAZETTE

Fire Permits

During the Fire Danger Season almost all fires in the open require permits. Applications for permits can be made at the Mid Murray Council office during business hours. **Permits will not be issued for any properties within the Hundreds of Tungkillo or Jutland, without the authority from the Local CFS Brigade Captains.**

Fires not requiring permits, other than on a Total Fire Ban Day include:

- A campfire for personal warmth or cooking purposes provided the fire is contained in a portable cooking appliance or a trench 30cm deep and the fire does not occupy an area exceeding one square metre and there is a four-metre clearance of flammable material around and above the fire.
- A fire for burning of refuse provided the fire is contained in a properly constructed incinerator and is not situated in a township within the area.
- Electric welders, mechanical cutting tools, gas equipment (such as oxy equipment) and gas or electric cooking appliances, provided there is a 4-metre clearance around the appliances and equipment.

Total Fire Ban Days

All fires are prohibited on a total fire ban day unless a permit has been issued. However, permits will only be issued in special circumstances. **Note:** Electric welders, mechanical cutting tools and gas appliances require a permit before they can be used in the open on a day of a total fire ban.

The penalty for lighting a fire in the open without a permit on a total fire ban day is \$10,000.

Backyard Burning (Outside the Fire Danger Season)

Burning in the open is regulated by the Environment Protection Authority, within the Environment Protection (Burning) Policy 1994 in accordance with the Environment Protection Act 1993.

Residents are permitted to burn dried gardening pruning's, dry paper, dry cardboard, or dry timber on their domestic premises, between the hours of 10.00am and 3.00pm from Monday to Saturday.

The fire must not be lit before 10.00am and must be completely extinguished by 3.00pm. Burning is not permitted on Sunday or any Public Holiday.

It is important to ensure that the material being burnt is completely dry to ensure a quick, clean burn and therefore minimising the amount of smoke produced from the fire. The burning of damp, wet or green garden pruning's, leaves or other material is not permitted.

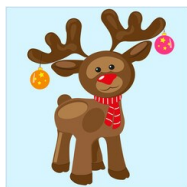

Backyard Burning (Within the Fire Danger Season)

During the Fire Danger Season, residents are not permitted to burn any materials on domestic premises, without first obtaining a permit to do so in accordance with the Fire & Emergency Services Act, 2005. These permits may be issued by the Mid Murray Council's Fire Prevention Officers.

Bushfire Survival Plans

You and your family's safety and survival during a bushfire will depend on how prepared you are, and the decisions you make. You are strongly recommended to prepare your Bushfire Survival Plan Now and can do so by connecting to the CFS website via the following Link.

<https://www.cfs.sa.gov.au/prepare-for-a-fire/make-a-plan/bushfire-survival-plan/>

CHRISTMAS CARD LUNCHEON

It was a lovely sunny day for the last Tungkillo card luncheon of the year, held on the 15th December 2022. 31 card players & 7 helpers enjoyed the beautifully cooked roast beef & Turkey roll plus the yummy vegetables & all the trimmings of gravy & cauliflower sauce that make up a wonderful Christmas roast. Followed by a delicious home made Christmas pudding with custard & icecream.

Afternoon tea was just as delicious with a treat of mini pavlova's topped with whipped cream & strawberries 🍓

Plus a lovely carrot cake as a birthday cake for our Treasurer Glenda Rogers who celebrated her birthday on the day.

Thank you Elaine Day for both the Christmas Pudding & carrot cake. Very much appreciated & enjoyed by everyone. No one went home feeling hungry after this lovely Christmas feast. Also thanks so much to Maureen Torrans for all the special little added touches you did for the luncheon & raffle prizes & everything else you do.

As always thanks Carole Evans, Meredith Baynes, Neil Day, Clem Bormann & Neil Collett, your help is so appreciated.

Congratulations to the winners on the day:

Valerie Kruse & Clem Bormann for cards
Erna for Rummie.

Boobies/ Losers on the day were:

Ross Voight & Christine for cards
Karen for Rummie.

A lovely day had by all.

Thursday 16th February 2023 is the start of a new year for our card players, see you then.
